

Introducing iClearTitle

Cut the Clutter: Streamline Your Vendor Payment Process

Eliminate manual work, shorten payment cycles and simplify the process for your incoming vendor invoicing

iClearTitle is an advanced web-based invoice management solution that simplifies and expedites the management and processing of vendor invoices for title underwriters, agencies and service providers. Invoices are presented electronically, then automatically validated and processed—resulting in faster payments, elimination of duplicate invoicing and reduced expenses.

Make vendor management easy with iClearTitle

- Automated payment data delivery direct to your accounting system
- Streamlined processes that improve forecasting of your AP and increased visibility for “in-process invoices”
- Fully customizable business rule engine simplifies the delivery, decisioning and payment of incoming invoices
- Exception based routing for invoices not meeting specifications helps your staff prioritize tasks
- Batch invoice upload available for your vendors to ease the submission process

AUTOMATE MANUAL TASKS AND IMPROVE ACCURACY TO REDUCE YOUR COST-PER-INVOICE

BRING CONSISTENCY TO AN EXISTING DIVERSE INVOICE PROCESS AMONGST YOUR VENDOR NETWORK

ELIMINATE NEED FOR DISPUTE MANAGEMENT, QUICKLY RESOLVE ERRORS AND EXCEPTIONS

CUSTOMIZED IMPLEMENTATIONS ENSURES INVOICES ARE PROCESSED TO YOUR SPECIFICATIONS
